- Term
- Status in Canada
- Study level
- Scholarships type
- Specialization
- Application process (with/without application)

# Scholarships Summary

- General information
- Dates and amounts
- Eligibility requirements
- Evaluation
- Application – Supporting documents

# Tips on the application process

## 1. Prepare your application in advance

Read **all** the documentation.

Take into account **all** admission and evaluation criteria.

Pay attention to what **information** is required and which **documents** you have to provide.

If you need to provide a **CV**, consult the [HEC handbook](#).

## 2. Make sure to present a complete and thorough application

Be specific, provide concrete **facts** and **examples**.

Recommendation **letters** must include information on: academic excellence, leadership, involvement, research skills, etc.

Use **plain, concise** and **accurate** language in your research project summary or when describing your financial situation.

## 3. Submit your application on time

Ensure that you submit **all** the required documents

Have somebody **proofreading** your application before submitting it.

Check your **spelling** and **syntax**.

# 4. Scholarships from external organizations

# External opportunities

List available on the scholarship directory
